Hello, we're Josh and Noelle. We're based in Raleigh, NC, but you may find us at Highland Hideaways more often than not. I work as a Network Engineer, while Noelle is a Cardiac Sonographer.

In 2021, we purchased Rumble's Retreat and have been working tirelessly to expand Highland Hideaways ever since. We both love to tinker, which led to the creation of an arcade in early 2022. We renovated, built, or upgraded all of the games in the arcade and continued to expand our business by adding a theater in mid-2022.

Our passion for building and renovating led us to purchase and renovate Wild Horse Lodge in early 2023, and finish construction on our newest cabin The Overlook in early 2024. We're thrilled to see how far we've come and are excited to see where our journey takes us next.

Enjoy your stay
